SCHEDULE A

THIS AGREEMENT made in duplicate this 6th day of February, A.D. 1947.

BETWEEN:

THE HYDRO-ELECTRIC POWER COMMISSION OF ONTARIO,
hereinafter called the "Commission",

OF THE FIRST PART,

—and—

ORILLIA WATER, LIGHT AND POWER COMMISSION, hereinafter called the "Customer",

OF THE SECOND PART.

WHEREAS the Customer has applied to the Commission for a supply of electrical power and the Commission is willing to supply the same on the terms and conditions herein contained, all under the provisions of *The Power Commission Act*, R.S.O. 1937, Chapter 62, and amendments thereto, and the enabling legislation hereinafter referred to;

NOW THEREFORE THIS INDENTURE WITNESSETH that subject to the said Act and enabling legislation, and for the considerations herein contained the parties hereto covenant, promise and agree as follows:

1. THE COMMISSION AGREES:

(a) To reserve for and deliver to the Customer at the earliest possible date up to a maximum amount of One Thousand Kilowatts (1,000 Kw.) of electrical power as required by the Customer hereunder;

(b) To use at all times first-class, suitable standard commercial apparatus and plant and to exercise all due skill and diligence so as to secure the satisfactory operation of the plant and apparatus of the Customer;

(c) To deliver commercially continuous twenty-four (24) hour power every day in the year except as provided for herein to the Customer at the point of delivery herein defined as the dead-ending point on the Commission's transmission line at the Customer's Swift Rapids Plant.

2. THE CUSTOMER AGREES TO:

(a) Take the power covered by this agreement and to prepare for the receipt and use of the said power so as to be able to receive power when the Commission is ready to deliver the same;

(b) Pay to the Commission for power hereunder in monthly payments at the rate of Twenty-five Dollars (\$25.00) per horsepower per annum, such monthly payments being based on the monthly horsepower demand for the month as determined at the point of measurement hereinafter defined and the said monthly horsepower demand being the greatest average or integrated amount of power delivered to or taken by the Customer for any twenty (20) consecutive minutes in the month determined from coincident readings of the meters hereinafter referred to.

3. If in any month the power taken hereunder exceeds One Thousand Kilowatts (1,000 Kw.) with or without correction for excess load factor under clause 7, the operators of the Commission may notify the operators of the Customer either by telephone or otherwise and the Customer shall forthwith discontinue taking such excess power. If during any month power is taken in excess of One Thousand Kilowatts (1,000 Kw.) the Customer shall pay for power for such month as if the said excess had been taken for the whole month but such taking and payment shall not be deemed to be an authorization to the Customer to take excess power at any future time.

4. In any event the Customer shall pay as a minimum for each month for the greatest previous monthly horsepower demand not in excess of One Thousand Kilowatts (1,000 Kw.).

5. All amounts payable by the Customer in lawful money of Canada shall be paid at the offices of the Commission in Toronto. Bills shall be rendered by the Commission on or before the fifteenth day and paid by the Customer on or before the twenty-fifth day of each month. If any bill remains unpaid for fifteen (15) days, the Commission may, in addition to all other remedies and without notice, discontinue the supply of power to the Customer until said bill is paid. No such discontinuance shall relieve the Customer from the performance of the covenants, provisos and conditions herein contained. All payments in arrears shall bear interest at the rate of five per cent (5%) per annum.

6. THE CUSTOMER AGREES TO:

(a) Take power exclusively from the Commission during the continuance of this agreement; provided, however, that the Customer may continue to generate and distribute power for its own use and the use of its customers within the scope of its statutory powers so long as it complies with the requirements of clause 6 (b) hereof;

(b) Synchronize and operate its generating plants in parallel with the Commission's system in a manner satisfactory to the Commission, and also to operate the said generating plants in a manner satisfactory to the Commission in respect of utilizing their facilities to the maximum available from time to time for power thereby developed which shall be at least as high as the daily load factor of power supplied by the Commission hereunder; to refrain from taking power hereunder in such manner that the energy taken during any day shall be in excess of a load factor for that day of seventy per cent (70%) on the horsepower demand for that day, the horsepower demand for any day being the greatest average or integrated amount of power delivered to or taken by the Customer for any twenty (20) consecutive minutes in that day determined from coincident readings of the said meters, subject to power factor correction; and also to refrain from taking power hereunder in such manner that the energy taken during any month shall be in excess of a monthly load factor of sixty per cent (60%) on the amount of power for which the Customer pays for such month.

7. If the Customer during any month takes energy in excess of a load factor of sixty per cent (60%) on the horsepower demand for such month, such horsepower demand shall be deemed to have been increased thereby for all the purposes of this agreement in accordance with the following factor:

Horsepower demand for the month	X The number expressing in percentage the said load factor at which power was taken for the month
---------------------------------	---

60

8. The point of measuring the power covered by this agreement shall be at the switchboard in the Commission's Big Chute Generating Station and no correction or adjustment shall be made by reason of the measuring equipment being connected at other than the point of delivery, this having been taken into consideration in agreeing upon the price of power hereunder.

9. Measurement of all power and energy under this agreement shall be made by means of suitable polyphase recording meters. The measuring equipment including meters, current and potential transformers and other equipment shall be so arranged as to measure and record the said power and energy with commercial accuracy and shall be provided, installed and maintained commercially correct by the Commission. The Customer shall have the right to test any such measuring equipment in the presence of a representative of the Commission by giving to the Com-

mission seven (7) days' previous notice in writing of the Customer's desire to test such measuring equipment.

10. If the Customer at any time fails in the performance of any of its obligations affecting electrical operation under this agreement including, without limiting the generality of the foregoing, taking power in excess of the maximum under this agreement or failing to operate as required in this agreement, then the Commission may give notice thereof to the Customer, which notice may be given by telephone to an employee of the Customer by an operator of the Commission and the Customer shall immediately remedy the said failure. In case of continued failure for more than fifteen (15) minutes after notice, the Commission may discontinue delivery to the Customer of all power or of any part thereof and shall not be obliged to resume delivery to the Customer until the Customer shall have given to the Commission sufficient assurance that such failure will not recur. The Customer shall forthwith designate in writing to the Commission to what employee the said notice under this clause 10 is to be given, and in default of such designation or in the event of the said employee not being immediately available to receive such notice the said notice may be given by telephone or otherwise to any other employee of the Customer.

11. THE CUSTOMER AGREES TO:

(a) At all times to take and use the electrical power in such manner that the ratio of the kilowatts to the kilovolt amperes (read simultaneously) is unity but when this is not possible the Corporation shall pay for ninety per cent (90%) of the maximum kilovolt amperes (considered as true power or kilowatts) when the said ninety per cent (90%) is in excess of the maximum kilowatts taken; the maximum in kilowatts or kilovolt amperes shall be taken as the maximum average or integrated demand over any twenty (20) consecutive minutes.

(b) Use at all times first-class, suitable standard commercial apparatus and plant to be approved by the Commission and to operate and maintain the apparatus and plant so as not to cause more than minimum disturbance or fluctuation to the Commission's supply, and to exercise all due skill and diligence so as to secure satisfactory operation of the plant and apparatus of the Commission and of the Customer.

12.—(a) The power shall be alternating, three-phase, having a frequency of approximately sixty (60) cycles per second and a nominal voltage of approximately Twenty-three Thousand (23,000) volts, subject to normal variations from the said voltage of approximately ten per cent (10%) and from the said frequency of approximately five per cent (5%);

"Power" shall mean electrical power and except where the context requires a different meaning shall mean also and include "energy";

One Horsepower shall be equivalent to Seven Hundred and Forty-six watts (746 w.).

(b) The maintenance by the Commission of approximately the agreed voltage at approximately the agreed frequency, at the point of delivery shall constitute the supply of power involved herein and a fulfilment of all operating obligations of the Commission hereunder, and when the voltage and the frequency are so maintained the amount of power, its fluctuations, load factor, power factor, distribution as to phases, and all other characteristics and qualities are under the sole control of the Customer and the Customer's agents, apparatus, appliances and circuits.

(c) In case the Commission shall at any time or times be prevented from delivering said power or any part thereof by any cause reasonably beyond the Commission's control, including without limiting the generality thereof, strike, lockout, riot, fire, insurrection, hurricane, civil commotion, flood, invasion, explosion, the King's enemies and act of God, then the Commission shall not be bound to deliver such power during such time; the Commission shall be prompt and diligent in removing the cause of such interruption and as soon as the cause of such interruption is removed the Commission shall without any delay deliver the said power;

such interruption shall not release the Customer from any obligation under this agreement.

(d) The Commission shall have the right at reasonable times, and when possible after reasonable notice has been given to the Customer, to discontinue the supply of power to the Customer for the purpose of safeguarding life or property or for the purpose of operation, maintenance, replacement or extension of the Commission's apparatus, equipment, or works, but all such interruptions shall be of a minimum duration and when possible arranged for at a time least objectionable to the Customer; such interruptions shall not release the Customer from any obligation under this agreement.

13. The engineers of the Commission or one or more of them, or any other person or persons appointed for this purpose by the Commission, shall have the right from time to time, during the continuance of this agreement, to inspect the apparatus, plant and property of the Customer, and take records at all reasonable hours.

14. This agreement shall extend to, be binding upon, and enure to the benefit of the successors and assigns of the parties hereto.

15. Any waiver by either party or failure to exercise any rights or enforce any remedy shall be limited to the particular instance and shall not operate or be deemed to extend to any other matter under this agreement or in any way affect the validity of this agreement.

16. This agreement shall become effective only if ratified by Act of the Ontario Legislature within a period of one year from the date hereof and if and when so ratified, shall remain in force for a period of Five (5) years commencing from the date such ratifying Act comes into force.

IN WITNESS WHEREOF the Commission and the Customer have caused this agreement to be executed under their corporate seals attested by the signatures of their proper officers duly authorized thereto.

If any bill remains unpaid for fifteen (15) days, the Commission may, in addition to all other remedies and without notice, discontinue the supply of power to the Customer until said bill is paid. No such discontinuance shall relieve the Customer from the performance of the covenants, provisoes and conditions herein contained. All payments in arrears shall bear interest at the rate of five per cent (5%) per annum.

6. THE CUSTOMER AGREES TO:

(a) Take power exclusively from the Commission during the continuance of this agreement; provided, however, that the Customer may continue to generate and distribute power for its own use and the use of its customers within the scope of its statutory powers so long as it complies with the requirements of clause 6 (b) hereof;

(b) Synchronize and operate its generating plants in parallel with the Commission's system in a manner satisfactory to the Commission, and also to operate the said generating plants in a manner satisfactory to the Commission in respect of utilizing their facilities to the maximum available from time to time for power thereby developed which shall be at a load factor at least as high as the daily load factor of power supplied by the Commission hereunder; to refrain from taking power hereunder in such manner that the energy taken during any day shall be in excess of a load factor for that day of seventy per cent (70%) on the horsepower demand for that day, the horsepower demand for any day being the greatest average or integrated amount of power delivered to or taken by the Customer for any twenty (20) consecutive minutes in that day determined from coincident readings of the said meters, subject to power factor correction; and also to refrain from taking power hereunder in such manner that the energy taken during any month shall be in excess of a monthly load factor of sixty per cent (60%) on the amount of power for which the Customer pays for such month.

7. If the Customer during any month takes energy in excess of a load factor of sixty per cent (60%) on the horsepower demand for such month, such horsepower demand shall be deemed to have been increased thereby for all the purposes of this agreement in accordance with the following factor:

Horsepower demand for the month	X The number expressing in percentage the said load factor at which power was taken for the month
---------------------------------	---

60

8. The point of measuring the power covered by this agreement shall be at the switchboard in the Commission's Big Chute Generating Station and no correction or adjustment shall be made by reason of the measuring equipment being connected at other than the point of delivery, this having been taken into consideration in agreeing upon the price of power hereunder.

9. Measurement of all power and energy under this agreement shall be made by means of suitable polyphase recording meters. The measuring equipment including meters, current and potential transformers and other equipment shall be so arranged as to measure and record the said power and energy with commercial accuracy and shall be provided, installed and maintained commercially correct by the Commission. The Customer shall have the right to test any such measuring equipment in the presence of a representative of the Commission by giving to the Com-

mission seven (7) days' previous notice in writing of the Customer's desire to test such measuring equipment.

10. If the Customer at any time fails in the performance of any of its obligations affecting electrical operation under this agreement including, without limiting the generality of the foregoing, taking power in excess of the maximum under this agreement or failing to operate as required in this agreement, then the Commission may give notice thereof to the Customer, which notice may be given by telephone to an employee of the Customer by an operator of the Commission and the Customer shall immediately remedy the said failure. In case of continued failure for more than fifteen (15) minutes after notice, the Commission may discontinue delivery to the Customer of all power or of any part thereof and shall not be obliged to resume delivery to the Customer until the Customer shall have given to the Commission sufficient assurance that such failure will not recur. The Customer shall forthwith designate in writing to the Commission to what employee the said notice under this clause 10 is to be given, and in default of such designation or in the event of the said employee not being immediately available to receive such notice the said notice may be given by telephone or otherwise to any other employee of the Customer.

11. THE CUSTOMER AGREES TO:

(a) At all times to take and use the electrical power in such manner that the ratio of the kilowatts to the kilovolt amperes (read simultaneously) is unity but when this is not possible the Customer shall pay for ninety per cent (90%) of the maximum kilovolt amperes (considered as true power or kilowatts) when the said ninety per cent (90%) is in excess of the maximum kilowatts taken; the maximum in kilowatts or kilovolt amperes shall be taken as the maximum average or integrated demand over any twenty (20) consecutive minutes.

(b) Use at all times first-class, suitable standard commercial apparatus and plant to be approved by the Commission and to operate and maintain the apparatus and plant so as not to cause more than minimum disturbance or fluctuation to the Commission's supply, and to exercise all due skill and diligence so as to secure satisfactory operation of the plant and apparatus of the Commission and of the Customer.

12.—(a) The power shall be alternating, three-phase, having a frequency of approximately sixty (60) cycles per second and a nominal voltage of approximately Twenty-three Thousand (23,000) volts, subject to normal variations from the said voltage of approximately ten per cent (10%) and from the said frequency of approximately five per cent (5%);

"Power" shall mean electrical power and except where the context requires a different meaning shall mean also and include "energy";

One Horsepower shall be equivalent to Seven Hundred and Forty-six watts (746 w.).

(b) The maintenance by the Commission of approximately the agreed voltage at approximately the agreed frequency, at the point of delivery shall constitute the supply of power involved herein and a fulfilment of all operating obligations of the Commission hereunder, and when the voltage and the frequency are so maintained the amount of power, its fluctuations, load factor, power factor, distribution as to phases, and all other characteristics and qualities are under the sole control of the Customer and the Customer's agents, apparatus, appliances and circuits.

(c) In case the Commission shall at any time or times be prevented from delivering said power or any part thereof by any cause reasonably beyond the Commission's control, including without limiting the generality thereof, strike, lockout, riot, fire, insurrection, hurricane, civil commotion, flood, invasion, explosion, the King's enemies and act of God, then the Commission shall not be bound to deliver such power during such time; the Commission shall be prompt and diligent in removing the cause of such interruption and as soon as the cause of such interruption is removed the Commission shall, without any delay deliver the said power;

such interruption shall not release the Customer from any obligation under this agreement.

(d). The Commission shall have the right at reasonable times, and when possible after reasonable notice has been given to the Customer, to discontinue the supply of power to the Customer for the purpose of safeguarding life or property or for the purpose of operation, maintenance, replacement or extension of the Commission's apparatus, equipment, or works, but all such interruptions shall be of a minimum duration and when possible arranged for at a time least objectionable to the Customer; such interruptions shall not release the Customer from any obligation under this agreement.

13. The engineers of the Commission or one or more of them, or any other person or persons appointed for this purpose by the Commission, shall have the right from time to time, during the continuance of this agreement, to inspect the apparatus, plant and property of the Customer, and take records at all reasonable hours.

14. This agreement shall extend to, be binding upon, and enure to the benefit of the successors and assigns of the parties hereto.

15. Any waiver by either party or failure to exercise any rights or enforce any remedy shall be limited to the particular instance and shall not operate or be deemed to extend to any other matter under this agreement or in any way affect the validity of this agreement.

16. This agreement shall become effective only if ratified by Act of the Ontario Legislature within a period of one year from the date hereof and if and when so ratified, shall remain in force for a period of Five (5) years commencing from the date such ratifying Act comes into force.

IN WITNESS WHEREOF the Commission and the Customer have caused this agreement to be executed under their corporate seals attested by the signatures of their proper officers duly authorized thereto.

BETWEEN:

THE CORPORATION OF THE CITY OF HAMILTON (hereinafter called the "City"),

OF THE FIRST PART,

—and—

THE HAMILTON STREET RAILWAY COMPANY (hereinafter called the "Company"),

OF THE SECOND PART;

WHEREAS the Company owns and operates in the City of Hamilton a transportation system with street cars and buses which is hereinafter called the "System";

AND WHEREAS in connection with the System, the City passed certain by-laws more particularly by-laws Numbers 624 in 1892, 955 in 1898, and 3336 in 1926, and entered into agreement with the Company in respect of certain of the by-laws;

AND WHEREAS at the request of the City the Company as a temporary experiment has been operating a bus service on York Street instead of street cars and the City desires the cessation of street car service on York Street and substitution of bus service therefor;

AND WHEREAS from time to time changes from street cars to buses may be desired on other routes;

NOW THEREFORE THIS AGREEMENT WITNESSETH that for the consideration herein contained the parties hereto covenant, promise and agree as follows:

1. The Company shall change the type of transportation service on York Street from street cars to buses:

2. The City assents to the change from street cars to buses heretofore made on York Street, but such assent shall not be construed as approval of the sufficiency of same:

3. From time to time if either party requests and the other party approves, the Company may change the type of transportation service from street cars to buses on any route and part of an existing route may be deemed a route; for any such request or approval by the City a by-law of council shall be sufficient evidence of authority; if either party requests in writing such change and the other party does not approve within one month after receipt of said request in writing, the matter shall be determined by the Ontario Municipal Board or any other body subject to Provincial jurisdiction that may at that time have the powers of that Board in respect of this matter and there shall be considered the costs to the Company of the change, the needs of the population, the estimated return upon the proposed increased investment (if any) and the general financial conditions:

5. The fares on the buses on any such route and the transfer privileges from and to the said buses shall be the ordinary fares and privileges, i.e., the same as if street cars were being operated instead of buses.

6. Wherever the Company under this agreement ceases entirely to operate street cars on any street or part of a street,

(a) the Company at its own expense shall remove all of its rails except where the flat base part remains in place by agreement of both parties, and also all of its poles, wire and other overhead structures except to the extent that the same are necessary for operation of street cars on other routes but shall not be responsible or liable for removal of anything else which shall be at the option and expense of the City;

(b) the City and the Company shall pay equally and shall be jointly responsible for the new pavement where rails have been removed as aforesaid;

(c) the City shall be solely responsible for the repair of its streets and also for the removal of snow and ice and the Company shall not be liable for any part of this work or of the cost thereof:

7. The said bus route on York Street and the other routes for street cars and for buses operated by the Company at the date of this agreement are approved and confirmed by the City:

8. The right of the City, under clause 15 of said By-law 624 and amendments thereof, to assume ownership of the railway and of all real and personal property in connection with the working thereof, shall be suspended until the 22nd day of December, 1963, which shall be the earliest date on which the City shall be entitled to exercise the said right:

9. This agreement is in amendment of the said by-laws and agreements, more particularly by-laws Nos. 624, 955 and 3336, and the said by-laws and agreements, so far as they are in force, shall, subject as herein modified, remain in full force and effect:

No. 31

3RD SESSION, 22ND LEGISLATURE, ONTARIO
11 GEORGE VI, 1947

BILL

The Securities Act, 1947.

MR. BLACKWELL

TORONTO
PRINTED AND PUBLISHED BY BAPTIST JOHNSTON
PRINTER TO THE KING'S MOST EXCELLENT MAJESTY

EXPLANATORY NOTES

An important feature of the Bill is that the Toronto Stock Exchange, the Central District of the Investment Dealers' Association of Canada and the Broker-Dealers' Association of Ontario (the formation of which is proposed by Bill No. 32) will have a voice in who shall be permitted to engage in the sale of securities in the Province of Ontario. This is accomplished as follows,—

(a) a person or company who is a member of a stock exchange in Ontario may be granted registration by the Ontario Securities Commission as a broker and is then permitted to trade in securities in the capacity of an agent;

(b) a person or company who is a member, branch office member or associate member of the Central District of the Investment Dealers' Association of Canada may be granted registration by the Commission as an investment dealer and is then permitted to trade in securities in the capacity of an agent or principal;

(c) a person or company who is a member of the Broker-Dealers' Association of Ontario may be granted registration by the Commission as a broker-dealer and is then permitted to trade in securities in the capacity of an agent or principal.

However, provision is made whereby the Commission may grant registration as a broker, investment dealer or broker-dealer without the necessity of membership in one of the aforementioned bodies. This will allow a person or company who has been refused membership in any of the aforementioned bodies due to discrimination, injustice, etc., to obtain registration from the Commission as a broker, investment dealer or broker-dealer. It will also allow a person or company in the Province of Ontario who is a member of a stock exchange outside of the Province of Ontario to obtain registration as a broker from the Commission.

It is noteworthy that no change from the present Act has been made in the case of a company which wishes to engage in the primary distribution to the public of its own securities. It may be granted permission to do so by obtaining registration as a security issuer with the Commission.

In addition, registration as a sub-broker-dealer may be granted by the Commission to an individual who is retired from active business or who, as incidental to his principal occupation, wishes to trade in securities for a part of his time as a correspondent of any investment dealers or broker-dealers or both.

Another important feature of the Bill is that the Toronto Stock Exchange, the Central District of the Investment Dealers' Association of Canada and the Broker-Dealers' Association of Ontario will have ample opportunity to supervise and discipline their own members. This is accomplished as follows,—

(a) a suspension or cancellation of membership in any of the aforementioned bodies will result in a suspension or cancellation of registration as a broker, investment dealer or broker-dealer by the Commission, subject to the right of the Commission to restore such registration without the necessity of membership in any of the bodies if the suspension or cancellation of such membership appears to the Commission to be unjust;

(b) the examination of the financial affairs of members of the aforementioned bodies will be their own responsibility as provided by their respective by-laws, rules or regulations which must be satisfactory to the Commission but the Commission retains the right to make an examination of the financial affairs of such members at any time.

Specifically, the principal changes from the present Act which are incorporated in the Bill are,—

(a) the definitions of broker (section 1 (a)), investment dealer (section 1 (h)), broker-dealer (section 1 (b)), sub-broker-dealer (section 1 (s)), security issuer (section 1 (r)), investment counsel (section 1 (g)) and salesman (section 1 (p)) and provision for the registration of such (section 6);

(b) the definitions of mining company (section 1 (i)), industrial company (section 1 (e)) and investment company (section 1 (f)) and revised requirements in respect of the contents of the prospectuses, financial statements and reports relating to such companies filed with the Commission (sections 43, 44 and 45);

(c) provision for the auditing of the financial affairs of members of stock exchanges, the Central District of the Investment Dealers' Association of Canada and the Broker-Dealers' Association of Ontario as provided in their respective by-laws, rules or regulations which shall be satisfactory to the Commission (section 39);

(d) inclusion and expansion of the provisions of the present Prospecting Syndicate Agreements Act (section 42) and a new exemption from registration in respect of the sale of the units of a prospecting syndicate (section 19 (2) (o));

(e) provision for the delivery of the prospectus, financial statements and reports before entering into a contract for the sale of a security where a solicitation has been made, and at any time not later than the delivery of the written confirmation of the sale of a security where no solicitation has been made (section 52) subject to a right of rescission of the contract by the purchaser within seven days of the date of the delivery of the prospectus, etc., where such material has been delivered too late for compliance but within sixty days of the date of the delivery of the written confirmation, or, alternatively, subject to a right of rescission of the contract by the purchaser within sixty days of the date of the delivery of the written confirmation where the prospectus, etc., has not been delivered (section 53);

(f) provisions making company directors, promoters, etc., liable for any loss or damage sustained by any purchaser of securities if any material false statement is contained in the prospectus, financial statements or reports relating to such securities, accepted for filing by the Commission, whether the purchaser has received such prospectus, etc., or not (section 73).

In addition improvements in and clarification of the present Act have been effected in such matters as alterations in language in the definition section (section 1 (j-l, t)); the elimination of repetition throughout the Bill by the use of the expression "a person or company registered for trading in securities under this Act" and "a person or company registered under this Act"; the division of the Bill into parts; provision for the designation of a Vice-Chairman of the Commission who shall perform the powers and duties of the Chairman in his absence (sections 2, 3); provision for the appointment of experts by the Commission and for their remuneration (section 13); changes in the provisions relating to registration and exemption from registration to make them more practicable (sections 9, 12, 15, 18, 19); designation of the types of bond which are acceptable on an application for registration (section 10); expansion of and changes in the provisions relating to the forfeiture of bond (sections 21 (2, 3), 22, 24, 25); expansion of the provisions relating to appeals to permit an appeal by a company as well as a person (sections 33-35); decreasing the exemptions from filing prospectuses, financial statements and reports to afford greater protection to the purchasers of securities (section 46 (a)); alterations in language in the interests of clarification (sections 57 (2), 58 (2, 3), 61, 64); taking away from stock exchanges, executive committees and members thereof and brokers' auditors immunity from legal action in respect of audits.

The sections above referred to are intended as examples only and not as a comprehensive list of the changes involved.

In the interests of clarity and convenience, a consolidating rather than an amending Bill is accordingly desirable.

BILL

An Act to provide for the Establishment of the Broker-Dealers'
Association.

MR. BLACKWELL

EXPLANATORY NOTES

This Bill is supplementary to Bill No. 31, *The Securities Act, 1947*, and should be construed in conjunction with it.

One of its most important objects is to establish a body corporate to be known as The Broker-Dealers' Association of Ontario, the members of which shall include, unless the Ontario Securities Commission sees fit to make exceptions because of discrimination, injustice, etc., by the Association, all persons and companies in the Province of Ontario who devote their full time to trading generally in securities in the capacity of agents or principals and who are not members of any stock exchange or of the Central District of the Investment Dealers' Association of Canada. However, it should be noted that membership in the Association will be open to persons and companies who already hold membership in a stock exchange or in the Central District of the Investment Dealers' Association of Canada but the decision rests with them as to whether or not they wish to make application for admission to membership. It is anticipated that the majority of the members of the Association will be persons or companies who trade principally in mining securities which are not listed on any stock exchange.

A further important object of the Bill is to empower the Association to supervise and discipline its own members and with this end in view broad powers to make adequate regulations, subject to the approval of the Ontario Securities Commission, are proposed in the Bill.

The actual provisions of the Bill are self-explanatory.

BILL

The Embalmers and Funeral Directors Act, 1947.

MR. KELLEY

EXPLANATORY NOTES

This Act replaces *The Embalmers and Funeral Directors Act*, R.S.O. 1937, chapter 242. While it has been found desirable in the interests of clarity to re-arrange and redraw the Act, the effect of the proposed Act is substantially the same as the present one with the following exceptions:

1. The Board, which presently consists of three members, would be increased to five members, three of whom are required to be funeral directors. (Section 2)

2. Provision is made for the employment of an assistant secretary to the Board. At present one of the members of the Board acts as secretary-treasurer with no provision in the Act for assistance. (Section 3)

3. The manager of a branch establishment is required to reside within a reasonable distance thereof. (Section 17)

4. The Act is clarified in the matter of certificates of qualification, funeral directors' licences and embalmers' licences. (Sections 9, 11, 14)

5. The section providing for the making of regulations is completely revised with a view to simplification of the present regulations. (Section 20)

An Act to amend The Ontario Municipal Board Act.

MR. DUNBAR

EXPLANATORY NOTES

SECTION 1. The present section provides for a Board of three members, which owing to the increasing volume of work may be inadequate to properly and expeditiously perform the work of the Board.

Power is therefore given to increase the number of the members of the Board.

SECTION 2. When the approval of the Board is required to a matter and a prerequisite of the approval is the assent of the electors, the Board may, if all the members agree, dispense with the prerequisite. The agreement of all members of the Board was feasible and proper when the Board was composed of two or three members, but if the number of the members of the Board is increased it will no longer be practicable or necessary to require all the members to agree to the making of such orders.

Under the section as amended the members hearing a matter will make all the decisions in connection with it.

SECTION 9. Section 205 of the Act was intended to create an absolute liability on the part of the insurer toward a person injured by a person insured under a motor vehicle liability policy. In the case of *Bourgeois vs. Prudential Assurance Company* the Supreme Court of New Brunswick on the same section of their Act held that where a material misrepresentation was made prior to the issue of the policy which resulted in the applicant never being actually insured, the provisions of the section were not applicable. This amendment has the effect of making the section applicable in any case where an instrument is issued as a motor vehicle liability policy by a person engaged in the business of an insurer which is alleged by a party to the action to be such a policy.

SECTION 10. This amendment merely clarifies the present subsection 9. The hearing provided for in subsection 8 of section 281 provides only for a case of a revocation of a license, whereas subsection 9 provides for a hearing to determine the granting or refusal of an application for a license or a renewal as well as the revocation of an existing license. Subsection 9 at present reads as follows:

- (9) In determining the granting or refusal of an application for a license or renewal of license, or the cancellation of any existing license, the Superintendent may, and shall when so requested in writing by the applicant or licensee, nominate an advisory board before which the hearing provided for in subsection 8 shall be had, on which board there shall be a representative of insurers and a representative of agents, and a representative of the Superintendent, and the decision of the Superintendent rendered after the hearing and on the advice of such board, shall be final and binding upon all parties concerned and shall not be subject to appeal.

(2) Subsection 9 of the said section 284 is amended by ^{Rev. Stat., c. 256, s. 284, subs. 9, amended.} striking out the word "Department" in the second line and inserting in lieu thereof the word "Superintendent", so that the said subsection shall now read as follows:

- (9) In respect of all premiums on insurance effected ^{Tax on premiums.} under a license, the licensee shall pay to the Superintendent such taxes as would be payable if such premiums had been received by a licensed insurer, and payment thereof shall accompany the monthly return provided for in subsection 8.

12. Schedule C to *The Insurance Act* is amended by ^{Rev. Stat., c. 256, Sched. C, amended.} striking out the words "DEPARTMENT OF INSURANCE" in the second line and inserting in lieu thereof the words "THE INSURANCE ACT", so that the said Schedule shall now read as follows:

SCHEDULE C

(Section 270)

4. Subsection 2 of section 23 of *The Highway Improvement Act*, as re-enacted by section 9 of *The Highway Improvement Amendment Act, 1944*, is amended by striking out the word "seventy-five" in the third line and inserting in lieu thereof the word "eighty", so that the said subsection shall now read as follows:

Rev. Stat.,
c. 56, s. 38,
subs. 1
(1944,
c. 23, s. 16),

7. Subsection 1 of section 38 of *The Highway Improvement Act*, as re-enacted by section 16 of *The Highway Improvement Amendment Act, 1944*, and amended by section 5 of *The Highway Improvement Amendment Act, 1945*, is further amended by striking out the word "seventy-five" where it occurs in the amendment of 1945 and inserting in lieu thereof the word "eighty" and by adding at the end thereof the words "or town", so that the said subsection shall now read as follows:

Commission
to direct
work on
suburban
roads.

(1) Roads designated and approved as suburban roads shall from the time of such designation and approval, be constructed, maintained and repaired under the direction of the commission, and the expenditures thereon shall be borne by the county, the city or town and the Province in the proportion of twenty-five per centum by the county, twenty-five per centum by the city or town and fifty per centum by the Province, but where expenditure is made on a bridge or culvert the Minister may direct that the Province shall bear a greater proportion, not exceeding eighty per centum thereof, in which case the balance of the expenditure shall be divided equally between the county and the city or town.

SECTION 4. The amendment permits payment of subsidy up to eighty per centum of the expenditure made on a bridge over twenty feet in span over which the council of a county has jurisdiction under or pursuant to *The Municipal Act*.

SECTION 5. The subsection repealed prevents the payment of subsidy on that portion of the cost of construction or maintenance of a county or suburban road in a township, town or incorporated village which is borne by the township, town or incorporated village under an agreement made pursuant to section 27. This has a tendency to discourage the making of contributions by these municipalities even though it might be in their own interest to do so. Therefore it is in the public interest that the restriction be removed.

SECTION 6. The section repealed provides for the payment of a rebate by a county to the urban municipalities forming part of the county for municipal purposes of a proportion of the annual county road levy, provided the urban municipality has expended an equivalent amount on its own streets. The new Part IVC, as enacted by section 9 of this Bill, provides for more generous direct aid payable out of the Highway Improvement Fund to these municipalities. The payment of rebates by counties is therefore abolished.

SECTION 7. The amendment permits payment of subsidy up to eighty per centum of the expenditure made on a bridge or culvert on a county suburban road.

SECTION 8. The proposed section confers power on a city or town in Northern Ontario to grant aid to a township towards the improvement of a township road leading or adjacent to such city or town and fixes the proportion of the cost thereof which shall be shared by the Province, the township, and the city or town respectively.

SECTION 9. The new Part IVC provides for payment of subsidies to cities, towns and villages out of the Highway Improvement Fund and is self-explanatory.

8. *The Highway Improvement Act* is amended by adding thereto the following section: Rev. Stat., c. 56, amended.

51.—(1) The corporation of a city or town situate in a provisional judicial district, by by-law passed with the assent of at least two-thirds of the members of the council thereof, may agree with the corporation of a township situate in territory surrounding such city or town to share, as provided by subsection 2, the cost of construction, improvement, maintenance and repair of any road in such township which leads or is adjacent to such city or town or which, by reason of the existence of such city or town, is subject to extraordinary traffic. Contribu- tion of city or town in a provisional judicial district to improve- ment of township roads.

(2) Where the cost of construction, improvement, main- tenance and repair of a road in any township is shared by a city or town under an agreement made pursuant to this section, the Minister may direct that there shall be paid to the township out of the Fund such proportion of the expenditure made on such road as is fixed under the provisions of this Part for expendi- ture on township roads in that township and the balance of the expenditure shall be shared equally by the township and the city or town. How cost to be borne.

9.—(1) *The Highway Improvement Act* is amended by adding thereto the following Part: Rev. Stat., c. 56, amended.

PART IVc.
